PROFESSIONAL SUMMARY

Video Editor and Technical Specialist with 7+ years of experience across digital marketing, agency production, and advertising infrastructure. Specialized in high-conversion video content for paid ads, social media, and executive brands.

Strong background in marketing technology and systems, including landing page development, ad tracking infrastructure, and cloud deployment (AWS). Currently focused on AI automation and workflow engineering, building applied systems using modern no-code/low-code and LLM tools.

CORE SKILLS

Video Editing (Premiere Pro, After Effects, DaVinci Resolve)

Social Content Production

Landing Page Optimization (HTML/CSS/JS)

Facebook Ads Ecosystem & Tracking (Pixel, Voluum)

AWS Deployment & Web Infrastructure

AI Automation (n8n, Make, Zapier, LLM workflows)

API Integrations & Workflow Design

CERTIFICATIONS

- Zapier Certified Expert
 - Make Advanced Scenario Builder
 - n8n
 - Cloud Architectural (CAMP by Apper)
 - HighLevel Automation Architect
 - AI Prompt Engineering Specialist
 - Prompt Engineering
-

PROJECTS

AI Automation Systems (Independent Work)

- Built workflow automations using n8n, Make, and Zapier
- Designed AI-assisted systems for content and data workflows
- Developed experimental API-based automation pipelines

Executive & Thought Leadership Content

- Produced and edited content for executives, founders, and business leaders, including social media clips, interviews, and branded content.
- Adapted editing styles to match each client's personal brand and audience.

Healthcare Marketing Content

- Created educational, promotional, and social media content for healthcare-focused clients.
- Edited videos designed to improve audience engagement while maintaining professional and compliant messaging.

Performance Marketing & Advertising Creatives

- Developed short-form video ads optimized for social media platforms and paid advertising campaigns.
- Focused on pacing, hooks, storytelling, captions, and retention-driven editing techniques.

Product Marketing Campaigns

- Edited promotional videos and product showcases for consumer brands, including large-format outdoor television products.
- Collaborated with marketing teams to create content aligned with campaign objectives and brand guidelines.

Short-Form Content Production

- Produced vertical video content for TikTok, Instagram Reels, YouTube Shorts, and other social platforms.
- Repurposed long-form content into multiple short-form assets to maximize content reach and engagement.

Landing Page Development & Optimization

- Customized and deployed landing pages for paid advertising campaigns across multiple verticals, including health, skincare, and consumer products.
- Modified HTML, CSS, and JavaScript elements to align with campaign goals and improve user experience.
- Worked closely with media buyers to support conversion-focused marketing funnels.

Advertising Tracking Infrastructure

- Implemented and maintained tracking systems using Facebook Pixel and Voluum.
- Assisted in monitoring campaign performance and ensuring accurate attribution across marketing channels.
- Supported multi-page advertising operations through virtualized environments and account management workflows.

AWS Cloud Infrastructure Management

- Managed deployment and maintenance of cloud-based servers on AWS.
- Configured hosting environments, domains, DNS settings, and web services to support marketing operations.
- Performed troubleshooting and system maintenance to minimize downtime.

Shopify App & Web Operations Support

- Assisted with the deployment and technical support of Shopify-based applications and digital products.
- Supported internal teams by maintaining web infrastructure and resolving technical issues.
- Ensured stable operation of web assets used in marketing and customer acquisition campaigns.

Marketing Technology Operations

- Served as a bridge between technical and marketing teams by supporting landing pages, tracking systems, hosting environments, and campaign infrastructure.
- Contributed to the successful launch and maintenance of multiple digital marketing campaigns.

PROFESSIONAL EXPERIENCE

DIGITAL CHAMPIONS | Video Editor

2023 – Present

- Lead editor for healthcare marketing content across multiple clients
